

DEFENSE MAY END CASE LATE TODAY

Many Witnesses Testify Today in Behalf of Boaz Demaree, Accused of Conspiracy.

JESSE DEMAREE ON STAND

Defense Attempts to Prove by Him Defendant Never Had Part in Any of the Robberies.

The defense expected to finish late this afternoon with their portion of the evidence in the case of the state against Boaz Demaree, charged with conspiracy in connection with various robberies in this locality during recent months.

All yesterday afternoon the defense introduced many witnesses to testify for Demaree, and in all over thirty were examined, most of whom testified concerning their personal knowledge of the character of Boaz Demaree.

Jesse Demaree was on the stand for a long time this morning, and was followed by his sister, Mrs. Marks, and two small children.

Another witness this morning was Mrs. Silas Demaree, mother of the Demaree boys. Mrs. Demaree, who is almost 70 years of age, has been in court almost daily, watching with interest the outcome of the trial that involves her son.

She has made her home with her different sons in Greensburg, and maintains all of them are innocent.

Mrs. Clara Demaree, wife of the accused, was on the witness stand just before noon and for over an hour this afternoon. She related several incidents, and told about Mrs. Anna Demaree and herself burning some of the evidence at the Jesse Demaree home. She said that the things burned consisted of an unusual amount of clothing, shoes, and linens.

She related to the jury how she located knives and razors concealed behind the baseboard at the Jesse Demaree home. She said that she pried it loose and obtained them, because she wanted to prove that her husband was not guilty of being implicated in that robbery.

Jesse Demaree, confessed member of the alleged conspirators, and who was sentenced here last month to the state prison, was brought on the witness stand this morning as the first witness for the defense.

The defense, by this witness at tempted to show the jury that Boaz Demaree and Jesse Demaree were never together when committing a crime.

Jesse Demaree told the jury about the Carthage hardware store robbery and the Dr. D. H. Dean robbery in this city, and on direct examination denied that Boaz Demaree took a part in the robbery or in the laying of plans for the crimes.

The defense asked him this question: "During the last two years was Boaz Demaree ever with you when you committed any felony?" His answer was no.

On cross examination, the state secured information about some chickens that were stolen from a farmer near Greensburg, but he again denied that his brother was with him. The state then began questioning about the stealing of a barrel of whiskey from a freight car, and after putting the question

QUESTION NOT DISCUSSED

Annexation of Austria by Germany Never Before Premiers

(By United Press.)

San Remo, April 21.—The question of Austrian annexation to Germany has not been discussed by the council of premiers but probably will be taken up soon, the Italian foreign minister said today. Austria, it is known, is anxiously pressing the proposed annexation. The foreign minister denied reports from Vienna that an alliance between Germany, Italy and Austria was contemplated.

"Italy is busy liquidating the war," he said. "She is not thinking of new alliances which even if formed in the future would be based on new principles."

THREE REQUESTS ARE MADE

Germans Ask Council of Premiers For Revision of Treaty

(By United Press.)

Paris, April 21.—Dr. Von Mayer, the German charge de affairs, today handed the council of ambassadors three notes to be forwarded to the council of premiers in San Remo.

The first, asked revision of the peace treaty allowing Germany an army of 200,000 instead of 100,000. The second requested the entente permission to increase the German police force in the neutral zone and the third asked that demobilization of the militia not be required and that Germany be allowed to reestablish her general staff.

ESTIMATE OF STORM DEATHS PUT AT 150

Full Effects of Tornado Which Swept Three Southern States Are Realized Today

HELP RUSHED TO DISTRESSED

(By United Press.)

Memphis, Tenn., April 21.—Full effects of the tornado which swept portions of Alabama, Mississippi, and Tennessee were brought home today as reports reached here from the storm district. The death total reached nearly 150 late today, according to reports received here over railroad telegraph wires, the only means of communication.

The latest reports placed the dead at 27 at Aberdeen and 25 at Guin, Mississippi.

Reports from Eastern Mississippi and northern Alabama told of great suffering.

Medical supplies and help were rushed from nearby cities to aid those in distress.

At Hamilton, Alabama, where the court house has been turned into a hospital, storm reports show that the tornado was especially violent there. An entire family of five was killed. A heavy timber was driven entirely through the body of a young woman and a baby was carried one half mile by the wind and killed.

DOCTORS TO ATTEND THE SPRING MEETING

Session of Union District Medical Association at Connersville Tomorrow.

DR. J. C. SEXTON ON PROGRAM

Many Rush county physicians will go to Connersville tomorrow to attend the Union District Medical association spring meeting.

The morning session will consist in a discussion of appendicitis in the light of thirty years of experience, by C. S. Band of Richmond; followed by a discussion led by Drs. Mark Milikan of Hamilton, Ohio, and J. C. Sexton of Rushville; a discussion of uterine retro flexions by Charles L. Bonifield of Cincinnati, with discussions led by Drs. E. D. Clark of Indianapolis and William Gillespie of Cincinnati; a lecture on the treatment of certain venereal derangements, by F. W. Cregor, director of the Indiana Health Clinic, and followed by discussions by Dr. R. H. Elliott of Connersville, and Dr. C. G. Houghland of Milroy.

At one o'clock the whole society will go to luncheon in the McFarlan Hotel. After luncheon the program will be resumed, beginning with a discussion of tuberculosis by Stephen C. Markley of Richmond, and continuing with lectures on post-influenza complications and diagnostic significance of blood pressure, given respectively by Frank B. Wynn of Indianapolis, and A. C. Kimberlin of Indianapolis, and each followed by discussions led by prominent members of the association.

IS OPERATED ON TODAY

Mrs. Dan Kirkham of near Mays underwent an operation at Sexton's hospital this morning.

DANGER OF FLOOD DAMAGE PASSING

High Waters Begin to Recede Today According to Reports From All Sections of County

HIGH LEVEL THIS MORNING

Conditions Improve in Northwestern Section of Rushville—Cellars Full of Water

With a continuation of clear weather like today all danger of serious consequences from the flood was removed because the high water began to go down about noon today and there was no prospect of a further rise unless there is a decided change in the weather conditions.

Flatrock river rose steadily until the middle of the morning, due to the heavy rains last night, was stationary for a short time, and began to go down between 11 and 12 o'clock. At 11:30 o'clock the water level was one inch below the high mark of the present flood.

Back water from the river, however, continued to be a menace, although not a serious one. The water standing at Third and Julian streets, extending south to the mill race and west to Perkins street at First showed no disposition to recede although it was not rising at noon and residents of that section of the city were hopeful that it would begin to flow away this afternoon since the level of the flood waters in the river bottoms was slowly lowering.

Conditions were improved in the northwestern part of the city, which was flooded yesterday by Hodge's branch overflowing. The flood water had practically disappeared from Seventh street at noon today and the Indianapolis and Cincinnati Traction company resumed traffic between here and Indianapolis. The first car to leave Rushville for Indianapolis since Monday night was the 10:17 passenger car this morning.

Reports from all points in the county also revealed improved conditions although a number of washouts were reported, which made detours necessary. Several small outcrops were said to have been washed loose by the flood waters and at a few points roads were impassable where water in ditches at the side had overflowed.

Travel between Arlington and Gwynnville was held up because of a washout in the road. There was also a washout in the road northwest of Falmouth.

The flood situation at Milroy and Moscow also showed marked improvement, according to word from those two towns today. The water of the Little Flatrock, which overflowed the bottomland in the vicinity of Milroy, were receding slowly so that it was expected traffic on the Williamstown road would again be possible by evening.

No damage was done in South Pearl street in Rushville, by the overflowing water of Flatrock, although it was feared yesterday that Continued on Page Three

COUNCIL ASKED TO GIVE RELIEF

Residents of Northwest Part of City Which is Frequently Flooded Appeal For Help

SMALL BRIDGES ARE BLAMED

Cause Flood Water in Hodge's Branch to Back Up—I. & C. Suffers Heavy Damage

A delegation composed of Amos Baxter, E. O. Arbuckle and Wilbur Wilson, residents of the flooded district in the northwest part of Rushville appeared before the city council at the regular meeting last night, asking if something couldn't be done to lessen the danger of future floods.

Mr. Baxter pointed out that the fault of the water backing up and overflowing the territory in the northwest part of the city was due to the small railroad bridges over Hodge's Branch, near Seventh street.

The councilmen stated that they could not do anything without a proper petition being filed, but said that they would take the matter up with the railroad companies. It is said that on one occasion this matter of enlarging the bridges was taken up by the council, and it was necessary to write three letters before a reply was obtained, which of course did not amount to anything.

About eight years ago the railroad companies erected new bridges over the branch and at that time a smaller bridge was built in each case to conform with the size of the ditch and not to conform with the amount of water that sometimes flows in the ditch.

While the property owners and residents of this part of Rushville have been bothered frequently in the last eight years with high water, they are now determined to see that something is done.

The residents and property owners are not the only ones affected as the Indianapolis and Cincinnati Traction company, in cases of back water, is put out of commission and it is estimated by traction officials that the loss sustained by the company yesterday alone was over \$2,000.

It is said that the traction company will begin action at once to prepare a petition which will be presented to the council. A petition of this nature, it is said, is a most delicate task and carries with it a great deal of work, which in turn is also expensive.

Even though it will be necessary for the expenditure of money it is pointed out that a saving will be obtained by preventing future floods and damage to various properties.

TWO FAMILIES MOVE

Mr. and Mrs. George Greisser moved today from 207 West Fifth street to the property at 1109 North Perkins street which they recently purchased from Herbert C. Flint. Mr. and Mrs. Flint moved into the property vacated by Greissers.

Chicago Switchmen Bolt When Called To Settle Strike Today

Failure of J. Grunau, Chief of Yardmen's Association, To Appear at Meeting Said to be Responsible For Switchmen's Action.

Chicago, Ill., April 21.—Striking railway switchmen refused to vote for the end of their outlaw strike today.

Called to a mass meeting by three leaders, four thousand men left the hall five minutes after the meeting was brought to order.

Failure of J. Grunau, chief of the Chicago Yardmen's association to appear, caused the bolt, it was said.

About six hundred men remained in the hall for the meeting. The bolters remained in the street outside the building, threatening those who desired to return to work.

R. S. Murphy and S. Jones, who called the meeting, anticipated op-

position but were not prepared for a wholesale walkout at the meeting. John Grunau who had been jailed, expected to be released long enough to advise his followers to return to work.

District Attorney Clyne announced that regardless of the switchmen's action, prosecution of the strikers' leaders arrested on charges of violation of the Lever act would proceed.

The meeting was thrown into an uproar followed by the walkout when Jones apologized for the non-appearance of Grunau but said he personally was willing to fight the switchmen's act so long as he did not have to fight the government.

A few scattered "we want Grunau" grew to a roar.

Railway men predicted that more men were returning to work pending wage adjustment.

THREATENING OIL CENTER

Mexican Rebels Capture Tuxpan and Are Menacing Tampico

(By United Press.)

Washington, April 21.—Mexican rebels are threatening Tampico, in the heart of the oil region, according to a statement issued here today by General Alvarado, representing the revolutionists.

He said that Gen. Gomez said three thousand men joined the rebels seizing the town of Tuxpan, the second largest Mexican oil city, and are now menacing Tampico.

There are extensive areas of oil land in those districts owned by Americans and European interests.

MRS. LINK JINKS DIES THIS MORNING

Resident of Southern Rush County Expires at Hospital Following An Operation.

HUSBAND AND SIX CHILDREN

Mrs. Indiana Jinks, wife of Link Jinks, expired this morning about 7:30 o'clock at the Dr. Sexton hospital, where she recently underwent an operation for appendicitis. Mrs. Jinks was 54 years old, and was born and reared in this county.

The deceased was taken to the hospital last Thursday suffering from a bursted appendix, and an operation followed, but complications arose. Mrs. Jinks lived about one-half mile north of New Salem, and was a popular and well known woman of her community.

Besides the husband, she is survived by six children, Mrs. Dolph White of near Glenwood, Mrs. Harley Austin of southeast of New Salem, Mildred, Helen, Chester and Albert, who live at home. Mrs. Jinks also leaves one sister and five brothers.

The funeral arrangements were not completed today.

JOHNSON LEADS IN NEBRASKA PARTY

Returns From 432 of State's 1849 Precincts Give Him 19,618 and Wood 12,862

PERSHING IS A POOR THIRD

(By United Press.)

Lincoln, Neb., April 21.—Senator Hiram Johnson continued to lead today in the Nebraska presidential primary as returns continued to filter in from yesterday's election.

Returns from 432 of the state's 1,849 precincts were: Johnson, 19,618; Wood, 12,862; Pershing, 6,900. Johnson's supporters here claimed their candidate was nominated by 20,000 votes.

General Wood apparently carried Omaha. Returns from 143 of Douglas county's 173 precincts give him a lead there of almost 300. General Pershing ran third in all sections of the state.

William Jennings Bryan on returns available appeared certain of a place among the democratic delegates-at-large to the national convention. He ran third in 354 precincts.

Palmer Leads in Georgia

Atlanta, Ga., April 21.—Returns from 133 of the 155 counties in Georgia's state primary today gave Attorney General Palmer a lead of 20 convention votes over the nearest rival Thomas Watson, former congressman, for the democratic presidential nomination. United States Senator Hoke Smith was running third.

ROADS WASHED OUT

Shelbyville, Ind., April 21.—All Shelby county rivers and streams have become torrents. Blue river, at this city, has swept over acres of farmlands, and has washed out part of the Marion road. Near Marletta the highway has been washed away, the water covers more than a mile of farmland.

CROWD FROM THIS COUNTY ATTENDS

Senator Warren G. Harding is Only Presidential Aspirant to Appear at Richmond

WEATHER CUTS ATTENDANCE

Sixth District Love Feast Revives Talk of Effort to Unseat Chairman Bossert

A number of Rush county republicans attended the sixth district love feast in Richmond yesterday afternoon and evening, but the attendance from here, as well as elsewhere in the district, was cut down by the bad weather. The coliseum in Richmond was only comfortably filled last night because delegations which were expected from many cities in the district, did not put in an appearance.

Senator Warren G. Harding of Ohio was the only presidential candidate to speak at the meeting, but all the state candidates present were introduced to the audience and the three candidates for governor—J. W. Fessler, Warren T. McCray and E. C. Toner, each made twenty-minute speeches and the principal address was made by Senator Harding.

A telegram from Senator Hiram W. Johnson of California, expressing his regret at being unable to attend, was read at the opening of the meeting. He promised to visit Richmond later in the primary campaign. Efforts to have Major General Leonard Wood in Richmond for the meeting failed. He spoke in Piqua, Ohio, yesterday afternoon and was to be in Dayton last night.

Senator Harding said he had understood the meeting was to be a gathering of presidential aspirants, but that one of them was out on the same mission as he in Indiana and that another of the quartet was in Ohio "wasting his breath."

Senator Harding was at his best in the coliseum address and frequently was applauded. Senator Harding alluded very little to his own candidacy, but rather dwelt on topics which are at issue. He declared living costs could never be reduced until more economy was practiced in government affairs, as the high cost of government was the first contributing factor to be the high cost of living.

Senator Harding also asserted that the cost of living will never go down until workmen give greater efficiency for the high wages they are receiving and until production is increased and less extravagance is practiced by the people generally.

"A return to the simple modes of living is the one great need of this country," he said. "We can't go on spending money like a drunken sailor and not expect chaos to come eventually."

The gathering of politicians in Richmond revived the talk about the campaign which is being made to unseat Walter Bossert of Liberty, present sixth district chairman. Friends of Bossert assert that the task will not be as easy as imagined because they expect to fight for him to the last ditch. They express the opinion that Senator Watson's friends are back of the movement to oust him

FORMAL INQUIRY STARTED

Railroad Board Takes up General Wage Controversy

Washington, April 21.—Hearings on the general railroad wage controversy, which failed of adjustment by the bipartisan board April 1, were continued today before the railroad labor board with S. W. Heberling, president of the Switchmen's Union of North America, presenting the demands of that organization.

Strike leaders whose application for a hearing was rejected by the board yesterday, were in attendance in an effort to obtain some assurance that a substantial increase in pay and reinstatement without loss of seniority rights would be awarded the men who have quit their jobs.

Republican Ticket

FOR CONGRESSMAN
We are authorized to announce the name of Richard N. Elliott of Connersville as a candidate for congressman from the Sixth district subject to the decision of the Republican primary election on May 4, 1920.

FOR SENATOR

SEARCH FOR NEGRO MURDERER OF GIRL

Indianapolis Police Force Hunts For Man Who Assaulted and Killed Martha Huff.

BODY THROWN IN RIVER

Indianapolis, Ind., April 21—Practically the entire personnel of the police and detective departments today was engaged in a city-wide search for the negro slayer of Martha Huff, age fourteen, whose bruised and maltreated body was found late Tuesday afternoon in the swollen waters of Eagle creek, about three-quarters of a mile north of Washington street.

The girl was enticed away Monday afternoon when a negro met her and her younger stepister at the west side of the West Michigan street bridge over White river and, on the pretext of giving her some new clothes, induced her to accompany him. She and the colored man were last seen going west in Michigan street toward the Eagle creek bottoms.

The girl had been stabbed thirteen times in the throat and had been tripped of all her clothing except her shoes and stockings. Her bright eyes were slightly discolored and the body bore other evidence of mistreatment.

Numerous reports were being received at police headquarters during the forenoon of attempts believed to have been made by the same negro to entice other young girls away from home in the last few days. The police said the reports were to the effect that the negro used the same methods as was employed in luring the Huff girl away.

TO GIVE 2-ACT COMEDY

The Dramatic Club of the St. Mary's Catholic church will stage a two-act comedy entitled "The Straw Man" at the old church hall Thursday evening at eight o'clock. The public is invited to attend this entertainment.

We are authorized to announce the name of Frank McGee of Rushville as a candidate for representative from Rush county in the Indiana state legislature, subject to the Democratic primary election on May 4, 1920.

Fesler for Governor

J. W. FESLER
An Able Republican

A Statement of Facts by His Neighbors

The story of the life of Will Fesler reveals an inspiring picture of the steady upward progress of a Hoosier, endowed with unusual ability, remarkable energy, courage and strength of character. He worked his way through Indiana University. He was born on an Indiana farm. He was educated in Indiana common schools. He obtained funds for his education, as an employee at the Union Stock Yards in Indianapolis. He received his early training in the law from those eminent lawyers and statesmen, Gen. Benjamin Harrison, W. H. Miller and John B. Elam. He began the practice of law in 1890, and in 1899 was admitted as a partner to the firm of Miller, Elam & Fesler. He joined the United States Navy at the age of 34 during the Spanish-American War, and was on the high sea when peace was declared. He became a member of the Board of Trustees of Indiana University in 1902, and for many years served as Vice-President, and now is President of the Board. He was elected President of the Indianapolis Bar Association in 1916. He has been a lifelong Republican, and in 1914 he was drafted to represent the Seventh Congressional District as a member of the Republican State Committee, and served with distinction in that capacity until he resigned to become a candidate for the office of Governor. He has been forceful, aggressive and courageous as a lawyer and as a citizen, and has commanded and received the respect and confidence of all. His integrity has never been questioned throughout his strenuous life. He has never been too busy with his own affairs to give time and attention to the full performance of his patriotic and civic duties. He has not waited until he amassed a fortune before becoming interested in public affairs. He is not the candidate of any official or faction of the Republican party. His candidacy is the result of urgent appeals made by ourselves and many citizens in all walks of life, who believe that he is the one man in the State of Indiana who can best lead our party to success.

What He Stands for Today

He stands for true Americanism. He stands for the Constitution and laws of the State. He stands for the fundamental institutions of our country. He stands for personal liberty without license, and the rights of property. He stands against every tendency to socialism, soviet government, or radicalism in any form. He stands for the proposition that the primary duty of the Governor is to enforce the law, and that he should steadfastly decline to encroach upon the prerogatives of the State Legislature. He believes that the present tax law of Indiana is fundamentally sound, but he stands against the usurpation of power on the part of the State Board of Tax Commissioners, under the guise of public necessity. He believes that the taxpayer should have a right to be heard, and that such hearing should not depend upon the pleasure or the uncertain courtesy of a taxing official. He believes that the local officials and the taxpayers should have the right to determine their community's needs, and to provide for same without the unwarranted interference of the State Tax Board. He believes that good roads are essential to the development of the State, and that the money spent should be used in construction, and not in salaries and overhead. He believes that the rural boy or girl is entitled to educational opportunities equal to those of the city boy or girl, and to that end believes that the rural teacher must have an opportunity equal to that of the city teacher. He believes that immediate steps should be taken to secure to the public-school teachers of Indiana adequate salaries. He stands for a full, fair and equal participation in the affairs of government by the women. He stands for a comprehensive blue sky law. He stands for the gospel of patriotism as an antidote for unrest. He stands for a World's War Memorial worthy of the State of Indiana and worthy of the great cause for which the American soldiers fought and now propose to live.

We Know Fesler

We, the neighbors of Will Fesler, state these facts as true, and we maintain that a man with this history and with these true principles will make a great Governor, who will live up to the best traditions of the State and party. We know that his armor is flawless, and that his candidacy will never embarrass the Republican party, and will never call for expiations. We assert that his character, his poise, his integrity, his courage and industry, and his knowledge of governmental affairs, make him the strongest candidate the Republicans of the State can possibly select. We know that the urgent appeals growing out of the realization of the imperative need for an outstanding candidate who would assure Republican success at the coming election, caused Will Fesler to listen to the call of duty and become a candidate. Therefore, in consideration of the tremendous personal sacrifice of Will Fesler in answering this call of our State and party, and in further consideration of this wonderful opportunity to secure the services of such a man for Governor, we, his neighbors, grasp this opportunity to give without stint our time and energy to the furtherance of his candidacy and to the presentation of these facts to the voters of Indiana.

This Woman Is Like A New Person Since She Gave Vola-Tonic Trial

"My appetite is so good since I have been taking Vola-Tonic that my husband remarked about it the other night," said Mrs. Edna Ellery, of 1788 Dreman avenue, Cincinnati, O.

"For over a year before I started taking Vola-Tonic my system had been in a general run down condition. My appetite was so poor that I hardly ate anything at all and, of course, I kept losing strength as a result. My nerves were out of order also and I couldn't sleep right at night or get proper rest. My system got run down all over and I didn't have a bit of life or energy. In fact, I felt so bad I just had to make myself do the housework."

"Vola-Tonic was recommended to me so highly that I started taking it and it was only a short time until I began to feel better."

"I feel like a new person now. My appetite has increased wonderfully and I can eat big, hearty meals and never have any bad after effects at all. I sleep soundly every night now also and get good rest and then get up the next morning feeling refreshed."

"I know Vola-Tonic is a good medicine because it has made me feel like a new person and I am glad to tell all my friends about it."

Vola-Tonic, "Builder of Strength" is being specially introduced in Rushville at Frank E. Wolcott's. (Adv.)

Personal Points

—John P. Frazee, Jr., attended the district republican meeting which was held in Richmond yesterday.

—John A. Tisworth and Fon Riggs were at Richmond yesterday for the sixth district republican love feast.

—Miss Helen Gray was a visitor in Indianapolis today and will attend the Shubert Gaieties at the Murat theater tonight.

—John Nipp, Eli Martin, Scott Hosier and Wilbur Stevens attended the sixth district republican love feast in Richmond yesterday.

—Miss Allene Green will go to Newcastle tomorrow evening to visit friends and to attend the Beta dance given there tomorrow evening.

—Miss Winnie McManus of Marion, Ind., is visiting her brother, Thomas McManus and family of North Main street for several days.

—Charles F. Wilson transacted business in Indianapolis yesterday.

—John H. Morris of Greenfield is visiting his mother, Mrs. Charlotte Morris of North Sexton street.

—Mrs. Carl Gunning and her mother, Mrs. Glover, went to Indianapolis this morning to attend the matinee performance of Shubert's Gaieties at the Murat theater.

—Miss Rachel Newmans has returned to her home in Shirley, Ind., after spending the week-end in Arlington, the guest of the Misses Nina Seward and Mabel Lee.

—Joe Medd of Springfield, Illinois, was called here yesterday by the death of his mother, Mrs. Ammaline Wilkinson and is a guest at the home of his brother Ed Medd in Noble township.

—Elbert Merrill Ingalls, of Indianapolis, visited friends in this city last night, and went to Knightstown this morning for a visit with relatives and friends before returning to his home.

—Frank Caldwell, who has been working in Erie, Pennsylvania, has arrived here to be the guest of his mother, Mrs. Sarah Caldwell of North Morgan street, and may locate in Rushville permanently.

SENATE PASSES ARMY REORGANIZATION BILL

Measure Carrying The Volunteer Training Plan Will Now be Sent to Conference

TEN VOTES CAST AGAINST IT

Washington, April 21.—The army reorganization bill was passed late yesterday by the senate and now goes to conference. The vote was 46 to 10.

The measure provides for a regular army of 27,000 officers and men, a national guard of 425,000 and a voluntary system of military training for young men between the ages of eighteen and twenty-one.

Opposing the measure were one Republican, Gronna (N. D.) and nine Democrats: Dial, Harrison, McKellar, Overman, Reed, Sheppard, Simmons, Smith (S. C.) and Trammell.

The bill continued indefinitely the rank of full general recently conferred on General Pershing. A complete revision of the court-martial code is included.

It was announced that Senator Norris (Rex. Neb.), who was absent, opposed the measure.

Twenty-four Republicans were joined by twenty-two Democrats in supporting the bill. Before the vote Senator Reed (Dem., Mo.) told the senate he had intended to make a final effort to have the size of the regular army authorized by the bill reduced materially, but that he realized such an effort would be useless.

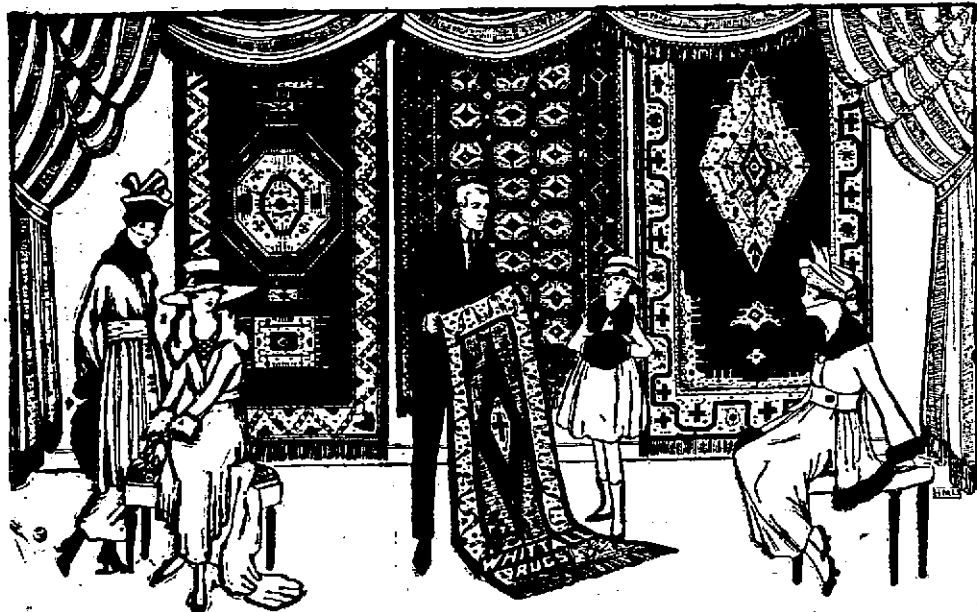

DANGER OF FLOOD DAMAGE PASSING

Continued from Page One

several families would have to move from their homes. The water was receding in this vicinity this morning. It entered the home of Tobias Owens, doing slight damage, and was close to the doorsteps of several other houses near the river bank. A few articles of household goods were removed yesterday to prevent damage being done.

Many people had visions of a recurrence of the 1913 flood again last night when the rain fell in torrents. Flatrock rose rapidly during the night and the back water appeared in the streets for the first time this morning. There was a hail storm this morning about one o'clock which was the most severe seen here in years.

Have You What You Want Upon Your Floors?

To be told, "It is not what you want, but what you can get" that must determine the nature of your floorcoverings is not an encouraging way to begin furnishing a home. And we are more delighted than we can say to be able to assure you, now, that we can furnish you the rugs and carpets that you like.

Whittall rugs will not fail to satisfy your better judgment from a standpoint of Oriental beauty and durability. They give you all that is desirable of the antique fabrics and none of the shortcomings. In the words of a local decorator, "I would not hesitate to place Whittall Rugs in homes even to be used side by side with costly Orientals."

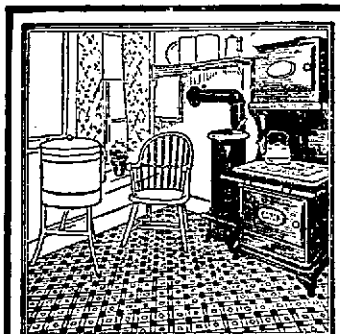

Our Stock of Floor Coverings is Superb

and more than that—it is satisfying. Even Linoleums are shown in splendid variety, also complete assortments of Velvet and Axminster Carpets, Ingrain, Straw and Fiber Matting, Hard Wood Fillings, Rag Rugs, Grass Rugs, Tapestry, Velvet, Body Brussels, Axminster and Wilton Rugs in all sizes. Let us help you choose your floor coverings to be the most enhancing backgrounds for your furniture and decorations.

Window Shades and Rods

A complete department of Window Shades, including from the lowest priced shade that is good to the best made, featuring the Famous "BRENLIN" long wearing, fast color shades. We can furnish Kirsch Flat Window Rods for any shape or size window, guaranteed not to sag, rust or tarnish.

Astonishing Economy and Efficiency In All Kinds of Cooking!

The performance of the "Red Star" will astonish you. You will be surprised at the intense heat generated and the low fuel consumption of the "Red Star."

RED STAR
Detroit Vapor Oil Stove

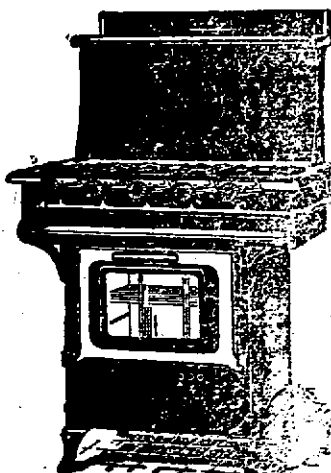

The "Red Star" is different from ordinary oil stoves. It is really a gas stove because it produces its own gas from the cheapest grades of kerosene, gaso line or distillate. This is possible because the

Wonderful Double Ring Flame Burner

vaporizes all of the heat units of the fuel and generates its own gas.

The "RedStar" is the first and only stove to use cheap oils without wicks or asbestos rings.

Ask for a demonstration. You will be quick to recognize its unusual qualities and why it is conceded to be the most efficient and economical

ical oil range to be had. It costs you nothing to learn all about this wonderful stove.

Gunn Haydon

Heat Your Bungalow, Cottage, or Flat with Hot Water

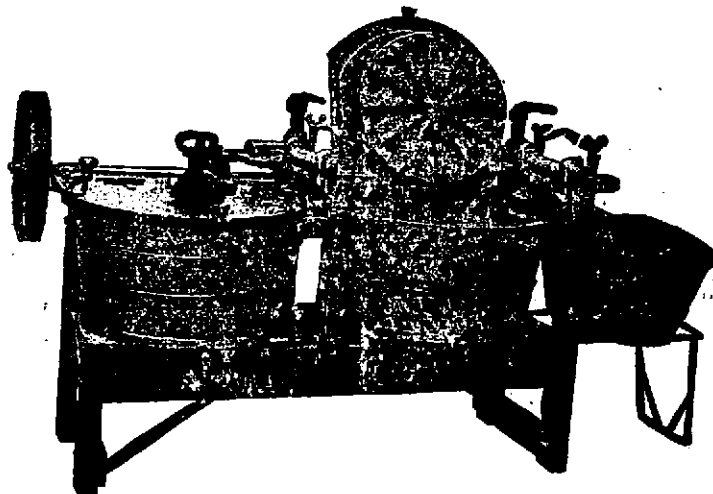

Cellar not necessary—put in any small house without disturbing present heating arrangements, until ready to use with the

IDEAL-Arcola Radiator-Boiler

The Arcola is placed in living room, parlor, or kitchen and fired as a stove. It heats the room and also sends its excess heat by hot water system to American Radiators in adjoining rooms. The simplest, most durable, most economical heating plant ever devised for small buildings. Don't delay to find out all about it.

WOMAN'S FRIEND

POWER WASHERS

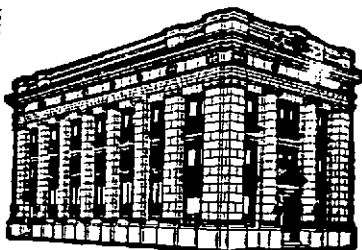

Notice the good features on the Woman's Friend Machine that you will not find on any other washer—

See the large, round rubbing board that you will not find on any other machine using the same style rubber, and is the only power washer with the LARGE end of the tub at the top and the Small end at the bottom, which enables you to do a small washing with less water than with the large end of the tub at the bottom. The tubs are made of White Cedar and are 12 in. thick, which makes the best tub you can buy and will last a life time. You do not need a washboard when you use the Woman's Friend Power Washer.

The single and double both have two stationary wringers, which make them solid and more durable than the swinging wringer.

A Shameful Story

"Tons of nails hauled to dumps," "Teams kept on payroll but hidden away in gravel pits to make it appear they were being used," "Gangs of workmen almost constantly gambling, shooting craps, idling their time away," "More than 12,500,000 feet of finished lumber and untold flooring burned and wasted," "Total cost \$1,200,000,000; lost through waste and extravagance, \$600,000,000." No, these are not extracts from those recent reports about useless nitrate plants built by the War Department nor yet concerning the findings about trucks, leather goods, shoes, etc., etc. They come from a fresh chapter of the same War Department series—a report just made on the expenditures for army camp and cantonment construction. Specific charges of fraud and criminal waste are made by the McCulloch committee in this matter which demand that the Attorney General bring suit to collect millions of dollars on the evidence furnished.

Before the war Secretary Baker truthfully said that the American Army engineer was the best in the world. During the war he used them as clerks. Civilian contractors and, in many instances, subcontractors, were paid \$50,000 a month for merely supervising the construction of camps and cantonments for which these badly paid distinguished experts on the public pay roll were available by the score. Why? The reply of the contractors to the House investigating committee was that the government had no facilities to do the work. Most of this proved to consist of riding around the camps for a few minutes a day. It also was brought out there was kept sitting at desks in the War Department doing nothing an experienced engineer corps distinguished for this very service which General Goethals fairly asked to make use of in these activities. Who can doubt that the shameful story of camp construction never would have been written if Mr. Baker had not taken his extraordinary course?

Snap Judgment

In judging others we often forget that we ourselves have limitations. Take a public official, for instance.

We elect him to office without first subjecting to the acid test, other than as the opposing party may apply it.

After he is elected, he develops certain traits of character of which we were uninformed.

They do not just exactly accord with our own ideas, and we proceed to "hand it to him"—from a distance. By the time we are through with him his own mother would have difficulty in recognizing him. He has no horns in evidence, but we often give him credit for possessing them.

In reality, however, he may be a really decent fellow a fairly capable official, and he may be performing the duties of his office in an acceptable manner—possibly even better than we could do.

Truly, the beam in our own eye is a great distorter of vision, from which many unjust criticisms arise.

The Council of National Defense announced that it was prepared to put into commission 45,000 Government trucks, which number could be promptly reinforced by 700,000 privately owned trucks, and eventually by about 7,000,000 passenger automobiles. Those who think they can force the people of the United States into submission to their plans would do well to consider these figures. Discomfort and some fatalities would result from a complete tie-up of the railroads, but in the end the people would win.

With summer coming along the cost of living surely will begin to decline. Grass is cheap.

Our Daily Laugh

New and Bright Yarns That
Will Tickle You and Will
Be Relished by Your Friends
When You Repeat Them.

Herman, a German, was answering the telephone, and it was a call from the paying teller in his bank.

"Say, Mr. Herman, you've overdrawn your bank account \$121.49.

"Is that what you are telephoning about?"

"Sure."

"Didn't I had moneys in dot bank yesterday by eleven o'clock ven I drawed dot check vor vat you say ain't there?"

"Yes. You had four or five dollars balance in the bank yesterday."

There was a pause and finally,

"Well, did I telephone you about it?"

Sap and Salt

By BERT MOSES

The minority is right oftener than the majority.

Hez Heck says: "Flattery is the art of scratching people where they itch."

About every so often folly triumphs over wisdom, no matter how wise a man may be.

When it comes to giving, remember that a little ready cash is usually more useful than a blessing.

No one is quite sure he is on the right train until he has inquired of at least three different persons.

Most wives are more or less doubtful, after a year of marriage, about the judgment they used in picking out a husband.

Even John D. will have to hand it to Birmingham. While the public was feverishly organizing "Overall Clubs" to cut the cost of clothing the dealers suddenly jumped the price of overalls from \$2.00 to \$6.00 a pair.

Money in pocket gives you a comfortable feeling—as long as you keep your hand out.

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage. There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features. The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, jellies and other local applications. S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and tends to remove the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. For free medical advice write to Medical Director, 104 Swift Laboratory, Atlanta, Ga.

TWO CARS OF 'GAS' HERE

Threatened Famine in Rushville Relieved by Shipment.

The threatened gasoline famine in Rushville was relieved yesterday when two car loads were received by Ray Lakin, local agent of the Standard Oil company. Some garages were entirely out of gasoline and others were running very low, so low in fact that they were limiting the amount of gasoline sold to any single customer.

The arrival of the two cars of gasoline is seen as an indication that the shipping facilities are being improved by the return to work of the railroad men who have been on strike for two weeks.

FOUR MAKE GRADES

Four of the six seniors to be graduated from the New Salem high school this year took the teachers' examination here recently and all of them made grades for a teachers' license, it was announced today by an official of the New Salem school.

TAKEN TO HOSPITAL

Mrs. Joe W. Miller, of Warsaw, formerly of this city, was taken to a hospital in Fort Wayne yesterday to undergo an X-ray examination. She has been ill and Warsaw physicians said she was suffering with ulcer of the stomach.

Foley's Honey and Tar

IT IS JUST WHAT CHILDREN need for feverish colds, coughs, "croup," and that tight, wheezing breathing. It stops croup, too. It cures and checks whooping cough, measles cough and bronchial coughs.

Every User a Friend "My little girl had been having the bronchitis for a few days, so I began giving her a few drops of Foley's Honey and Tar every two or three hours. That night she slept well, never coughed any, and next day her cold was gone."

Mrs. R. M. Kenner, Stanford, Ky. "My three children had a very severe attack of whooping cough. The first few doses of Foley's Honey and Tar gave them great relief, and it did them good."—Mrs. E. C. Hostler, Grand Island, Neb. Foley's Honey and Tar has been used for more than thirty years in thousands of homes for relief from coughs, colds, spasmodic croup, tickling throat, hoarseness, whooping cough, bronchial coughs and the coughs that follow influenza or la grippe.

MANILLA EXERCISES SET FOR TOMORROW

Annual Commencement Will be Held When Seven Will be Graduated From High School

HARRY G. HILL WILL SPEAK

The annual commencement exercises of the senior class of the Manilla high school will be held tomorrow evening in the high school auditorium.

A good program has been prepared for the event and the Rev. Harry G. Hill, of Indianapolis, will deliver the address. Homer Cole's orchestra of this city will furnish the music for the occasion.

On Saturday night the school glee club will give an operetta entitled "The Merry Milkmaids." The musical play which promised to be a very pleasing entertainment, will also be given in the auditorium.

Seven graduates will receive diplomas at the exercises as follows: Ralph E. John, Evalene Macy, Geraldine Phares, Lucile Solomon, Viola L. Frow, Lottie M. Trees and Henry Handley.

JACKSON CLUB WILL MEET

Many Politicians Are Expected To Attend the Banquet

Lafayette, Ind., April 21—The Jackson club of Lafayette was to hold its annual banquet here tomorrow.

The Jackson club banquet is one of the most prominent affairs of Tenth District democracy. Politicians from many sections of the state are expected here for the banquet. Efforts were being made today to have speakers of national reputation here for the banquet.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after-effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

NEW ESTIMATE TO BE MADE

No Bids Received on Redenbaugh Road at Shelbyville.

No bids were submitted on the Redenbaugh road, lying on the line between Rush and Shelby counties, at the joint meeting of the commissioners of the two counties yesterday, because the estimate, which was prepared in 1914, was too low. The joint session was held at Shelbyville.

George A. Theobald of Shelbyville and Thomas A. Jones, living west of Rushville, were appointed viewers and Frank Catt, Rush county surveyor, was appointed engineer to make another estimate on the cost of the improvement. They will report and the commissioners will again advertise for bids.

RED CROSS FIRST AID CLASSES BEING STARTED

The Kentucky College for Women at Millersburg plans to adopt Red Cross First Aid in its curriculum.

The mayor of Covington (Ky.) has expressed his approval of First Aid being taught in the Fire and Police Departments. Boy Scout classes are also to be conducted under chapter supervision there.

Berea College is absorbing First Aid in its courses and plans larger work next year.

Greenfield and Hammond (Ind.) are working up First Aid classes.

Savre College, Kentucky Wesleyan and Georgetown College, all in Kentucky, will teach First Aid next year.

Louisville Chapter's latest First Aid class is composed of forty Sisters from the parochial schools.

Fort Wayne (Ind.) Chapter, which recently organized First Aid classes, has an increasing enrollment in these classes.

Plans are afoot to put First Aid in two Normal Schools in Indiana.

Dayton (O.) has just ordered 200 Police and Firemen's First Aid textbooks. The Montgomery County Chapter has an agreement with the Dayton Chamber of Commerce for promoting First Aid in the industries. The chapter plans to do quite a bit of instruction work with teachers this summer.

Youngstown (O.) is hoping to put First Aid instruction in the police and fire departments shortly.

POSTPONED A WEEK.

The entertainment that was to have been given Friday night by the Life Saving Guards of the local Salvation Army, has been postponed until a week from Friday night, on account of the high waters.

OFFERS APOLOGY TO EARL MARLATT

American Poetry Magazine Gives
Former Rushville Man Credit for
Critique he Wrote

AN EDITORIAL OVERSIGHT

The American Poetry magazine lately corrected a mistake in not giving credit for writing a critique written by Earl B. Marlatt, a student in Harvard, who formerly was an instructor in the Rushville high school and is a brother of Mrs. J. H. Scholl of this city. The article from the magazine is self-explanatory and is as follows:

The editors tender their apologies to Mr. Earl Marlatt, of Boston, for not having given him credit for his delightful critique "Esprit De Corps in Poetry", in the January-February number. The mistake was purely unintentional, but the appearance of the article anonymously has served to arouse a good deal of interest in the identity of its author. Mr. Marlatt is a young man who is now attending Harvard University. He went to Boston from Kenosha, Wisconsin, where he was engaged in newspaper work on his brother's paper, The Evening News. His artistic interests are varied for he not only has written poetry of distinction—Mr. William Stanley Braithwaite has so characterized two of his poems—but he has painted. He also has lectured on poetry and art subjects. Soon after our entrance into the war against Germany he entered the Officers' Training Camp at Ft. Sheridan, Ill., and on completing the training there, received a lieutenantcy. We hope to obtain another article from Mr. Marlatt in the near future.

East Bound—6 00 a.m., ex. Sunday

The Woman's Missionary Society of the First United Presbyterian church will meet this evening at 7:30 o'clock at the home of Mrs. A. C. Brown in North Morgan street.

About sixty people attended the K. of C. card party given in the K. of C. Hall in West Second street last night by the young ladies of the St. Mary's Catholic church. The guests enjoyed the evening playing euchre and during the hours refreshments of sandwiches and coffee were served.

Mrs. Thomas McManus was hostess for the members of the Loyal Women's class of the Main Street Christian Sunday school last evening at her home in North Main street. An important business session was held followed by a social hour and the serving of refreshments.

The Rushville Rebekah Lodge, No. 172, will hold their regular stated meeting Friday night and all members of the team are urged to be present as there will be work put on. Likewise all those who are expecting or would like to attend the district meeting of the lodge to be held in Blue Ridge next Tuesday evening, are also requested to attend this meeting so final arrangements can be made.

Twenty-five members of the Ladies Missionary society of the First Presbyterian church were entertained at the home of Mrs. G. F. Sheldon in West Fifth street yesterday afternoon. During the meeting arrangements were made for several of the ladies to attend the district meeting of the Presbyterian Ladies Missionary societies to be held in Shelbyville Thursday and Friday of this week. Following the business meeting an excellent program was carried out.

A pitch-in dinner was given at the home of Mr. and Mrs. John Matney Sunday. Covers were laid for Mr. and Mrs. E. Darnell, Mrs. Alice Brooks, daughter Myrtle of Rushville, Mr. and Mrs. J. Frank Wilson, Mr. and Mrs. Burl Matney, Mr. and Mrs. John O. Williams, Mr. and Mrs. Chester Williams and family, Mr. and Mrs. William Shankle and family, Helen Wilson, Merle Sparey, Harold Matney, Ada Williams of New Salem, Mr. and Mrs. Harry Matney and daughter of Indianapolis, George M. Culver of New York, and Mr. and Mrs. P. A. Brooks and Elsie Gibson of Glenwood, Mrs. Jane Matney, Mrs. Amanda McKee and Ola Giffin.

CROWD FROM THIS COUNTY ATTENDS

Continued from Page One
because he is alleged to be unfriendly to the senator.

The Watson supporters do not admit any such organization, but they do declare that Bossert has displayed antagonism to Senator Watson's leadership in the affairs of the party in the state this year, and they also say that Bossert has been at the head of the party in the district long enough and should be succeeded by a Republican who is in full accord with Senator Watson's leadership.

Walter Bridges of Hancock county is the Republican who has been chosen to wear the robe of district leader, and the forces behind the anti-Bossert movement are bending every effort to elect precinct committeemen in each of the counties who will select county chairman opposed to Bossert and favorable to Bridges.

The Bossert forces say that the fight being waged promises to bring havoc to the Republican ranks in the district this year while Bossert's political opponents say that to clarify the political atmosphere and bring order out of chaos Bossert must be succeeded by another.

HOMELESS!

Constipation, Headache,
Colds, Biliousness, driven
out with "Cascarets"

Drive away those persistent enemies of happiness—biliousness and constipation. Don't stay headachy, sick, tongue coated, sallow and miserable! Never have colds, indigestion, upset stomach, or that misery-making gas. Feel splendid all ways by taking Cascarets occasionally. Cascarets never gripe, sicken or inconvenience you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little and work while you sleep.

DEFENSE MAY END CASE LATE TODAY

Continued from Page One
at several different angles, the state was compelled to get off of the whiskey subject.

The state maintained that they had a right to inquire about the stealing and selling of whiskey because the defense had started the question of the different felonies and associations between the two, but Judge Miller sustained the objection, and he was not permitted to answer.

BUY THRIFT STAMPS

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

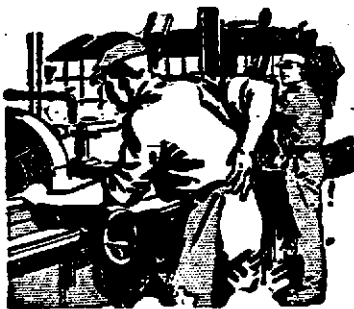

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Must be financially responsible and have the ability to handle and instruct other men. Address in confidence CENTRAL STATES AGENCIES, 615-616 Lemcke Building, Indianapolis, Indiana.

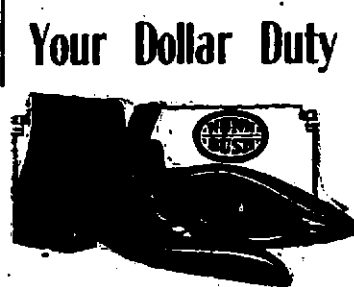

"Gosh! How my back aches!"
After Grip, "flu" or colds, the kidneys and bladder are often affected—called nephritis, or inflammation of kidneys.
This is the red flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful discovery of Dr. Pierce's, known as Anuric (anti-uric-acid), because it expels the uric acid poison from the body and removes those pains, such as backache, rheumatism in muscles and joints.
Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.
Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of Anuric Tablets.

Chicago, Ill.—"I was very sick. Had backache and spineache. I had used a number of remedies. Finally, I began taking Dr. Pierce's Anuric Tablets, and they helped me very much. I have also used Dr. Pierce's Pellets, and they are wonderfully active in their work. I am feeling well and robust and have the strength of ten."
—E. A. NOVOTNY, 1160 W. 19th St.

I am a candidate for the nomination of Representative on the Republican ticket and am asking you for your support.
Have always been a republican and farmer.
I believe in an economical and business like administration of public affairs and the protection of the taxpayers.
My father, grandfather and great grandfather have been continuous taxpayers in Rush county since 1831.

HUMANITY'S CRY TO BE ANSWERED BY BIG HEARTED MEN AND WOMEN

Arthur R. Robinson

Samuel M. Ralston

Albert J. Beveridge

STATE LEADERS URGE HOME SERVICE APPEAL

RALSTON, ROBINSON AND BEVERIDGE JOIN FORCES TO ENROLL FRIENDS FOR HUMANITARIAN SERVICE.

STATE COMMITTEE ENLISTS MANY VOLUNTEER WORKERS

Major Arthur R. Robinson, four years Republican floor leader in the Indiana State Senate, veteran of Chateau Thierry, St. Mihiel and the Argonne, and prominent Indianapolis attorney, leads the committee of Indiana citizens who are to raise funds May 10-20 for relief work carried on in this country by the Salvation Army.
Associated with Major Robinson in the task of enlisting the people of the state to answer the Salvation Army 1920 home service appeal are ex-Senator Albert J. Beveridge and former Governor S. M. Ralston, members for Indiana of the national executive committee, of which Franklin K. Lane, former Secretary of the Interior, is chairman.
As state chairman of Indiana, Major Robinson will direct the activities of several thousand volunteer workers all over the state, who believe in continuing service to needy humanity through the Salvation Army. He will endeavor to see that a Salvation Army enrollment blank reaches every person in Indiana.
Memories of Salvation Army doughnuts and coffee brightening the doughboy's day at the front, even following him to the Rhine after the armistice was signed, influenced Major Robinson to set aside some of his law practice in order to help the

friends of humanity. Speaking from actual experience, he said:
Commends Salvation Army
"The Salvation Army is a tremendous force for good. It reaches down into the alleys and byways, and works for humanity all the time. It gets to the men, women and children who actually need help. It asks no reward except the satisfaction that comes from splendid service well performed.
"Under the flag it went to war-torn Europe, and there wrote one of the brightest pages in war history. God bless the Salvation Army. How it lightened the load for the boys over there, and how it carried sunshine into the lives of our soldiers!
"Because of these facts, I shall do everything in my power to assist this great organization in the work it is doing. Big reconstruction problems at home now confront us, and social service in the Salvation Army way is essential everywhere. Such service will tell tremendously in the Americanization program now before us.
"The Salvation Army deserves the support of everybody. Those who subscribe to the movement are bound to feel better and sleep more soundly for having done so."
By Hon. Albert J. Beveridge, Former United States Senator For Indiana
"I have never been associated with any organization or movement which enlisted more heartily my sympathy and admiration than does the Salvation Army. It does, in an amazingly efficient manner, a profoundly important work that always ought to have been done and that never was done until the Salvation Army undertook that work. It reaches unfortunate men and women in a manner nothing short of miraculous; it appeals to the understanding and the hope of such people, and changes them from harmful parasites upon society into helpful members of society, doing wholesome work for the general good and

their own well-being. The Salvation Army put into actual practice the loftiest ideals. It realizes in everyday life the teachings of Jesus. In the desperate period upon which we are entering, there is no single force in the Republic that will be of more value than this disciplined body of devoted men and women. I consider it an honor and a distinction to be associated with them in any way whatever, and I feel it to be the sacred duty of all of us to support them to the utmost."
By Hon. Samuel M. Ralston, Former Governor of Indiana.
"We are living in prosperous times. The great majority of people are successful in their undertakings, yet there has always been, and is now, a class of people who has had to have the assistance of their fellows. Shakespeare portrayed great tragedies that have always aroused great human interest, but the world's greatest tragedy was Cain's attempt to convince mankind that man is not his brother's keeper.
"We are also living in a day of big business, commercially speaking, but really, the biggest business we are face to face with is the building up of broken down and helpless men and women with whom we often touch elbows, but whose condition in life we too often overlook.
"Fully to discharge our duty towards those who are in need of our assistance, we should maintain an organization capable and willing to do the work that we do not have the inclination to do, or that we cannot individually do. The Salvation Army is an organization composed of many thousand modest, hard-working specialists in the business of helping people who are down and out. The organization's claim for assistance may be put in this way: It is practical; it is experienced; and it has years of wonderful results back of it in reclaiming men and helping children.
"I am for the Salvation Army."

Eat Well and Feel Well

By Taking Vinol

It creates a hearty appetite, aids digestion, creates thousands of new red blood corpuscles, the glow of health replaces pallid cheeks, anaemia disappears and strength and vigor returns.

These Letters Prove It

West Chester, Pa.—"My blood was so poor that I had skin eruptions and was weak, nervous and could not sleep. My mother wanted me to try Vinol. It purified and enriched my blood, gave me a good appetite, my nervousness has gone, and it has built up my whole system. I can surely recommend it to others who need a good blood tonic."—Mrs. EDWIN S. GUTHRIE.
For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol. Your money will be returned if Vinol fails—

Kenton, Del.—"I suffered from a nervous, run-down condition and no appetite. I keep house and live on a farm so had to keep about my work as I have five in the family. My druggist recommended Vinol as the best medicine for my condition. It has given me a good appetite, and I sleep better and feel stronger in every way."—MRS. J. HERMAN WILDS.

It is planned to buy or to establish several in this locality. Not interested in General Stores—Nothing but Groceries. Address CENTRAL STATES AGENCIES, 615-616 Lemcke Building, Indianapolis, Indiana.

"Soft as a Kitten's Ear"

REDUCTION IS MADE ON ARMY APPROPRIATIONS

Over Six Hundred Million Dollars is Cut in Army Bill and Extravagances Brought to Light

ORIGINAL BILL 982 MILLION

Washington, April 21—The 1921 Army appropriations bill reported to the House recently by Representative Julius Kahn, chairman of the committee on Military affairs, shows a reduction of \$605,553,076 from the estimates of the war department. The total appropriation carried in the bill is \$377,216,944 as compared with \$982,800,020, requested by the department. A glance at one item shows that it has been necessary to appropriate \$22,777,839 to clean up war work. Brigadier General H. M. Lord, director of finance in the War department, stated before the budget committee of the House recently that the amount was necessary, because "the War Department entered the war without any determined financial system. The war department since April 1917 has had appropriated to it \$24,304,388,343. There were at the beginning five bureaus, each independent of the other, each making its own disbursements, doing its own accounting with as many different methods as there were bureaus. As a result they were competing with each other in a market where the supplies were restricted in amount. Later on, under the Overman act, these five independent bureaus were increased to twelve, each proceeding in the same way."

TRADE UNION IN FIRST CONGRESS

Delegates Representing 300,000 Salaried Professional Workers in France Attend

TO IMPROVE THE SITUATION.

Leaders Hope it Will Mark Beginning of Similar Movement in all Other Nations

Paris, April 21—Europe's first "middle classers'" trade union opened its first congress here today. Delegates representing 300,000 salaried professional workers of all kinds, organized into 200 local branches throughout France, were in attendance.

The convention will draw up and formally pledge the organization, called the Confederation of Intellectual Workers, to a concrete program designed to improve the situation of the great class who work with their brains or pens, in offices, accounting rooms, studios and elsewhere.

This marks the first large-scale move to organize the salaried middle class, hitherto the football of organized labor and organized capital, into a permanent protective trade union modeled along the lines of existing labor unions. French leaders hope it will also mark the beginning of a similar movement among middle classes of all nations to organize themselves on a plane with the other two factors in production.

With this convention, unionization of the salaried professional workers of France becomes a recognized principal in the French industrial system. It is hoped the confederation will soon be able to take its place as an influential force in the relations between employers and employees of all kinds.

Basing their hopes upon the surprising success during the first four months of the union's existence, its leaders predict a membership of a million in the near future. The federation was organized only four months ago.

The confederation is the world's first inclusive middle class combine of wage earners. It includes doctors, lawyers, newspapermen, teachers, clerks, accountants, civil, electrical and mechanical engineers, authors, playwrights, actors, musicians, artists, in fact people of all kinds who earn their living with their heads.

No person who works with his hands, or who lives from interest on investment, who is an employer, can become a member, nor any person already eligible to membership in any existing trade union, affiliated with organized labor.

The executive committee will present a declaration of principles for the congress' consideration including activities along three main lines:

Legislation in the interest of the salaried middle class.

Advance in wages and introduction of a sliding scale of pay to remove inequalities between experienced and inexperienced workers, now frequently on the same wage plane.

Organized propaganda through the press championing the interests of the salaried classes whenever occasion requires.

COMPLETE PREPARATIONS

Mississippi Valley Historical Association to Meet April 29

Greencastle, Ind., April 21—Preparations were completed here today for the thirteenth annual meeting of the Mississippi Valley Historical association which will open April 29 for a three day convention.

The association has 1,200 members and nearly 800 are expected to attend the convention here. Prof. W. W. Sweet, head of the department of history of DePauw University is in charge of arrangements.

Prominent educators of the Midwest will make addresses.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble. Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N.Y., for a sample bottle. When writing be sure and mention this paper.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

How to Feed Acme Pig Meal

ACME PIG MEAL is a full and complete and balanced ration for all pigs until they are 3 1/2 to 4 months of age, and NO OTHER ration should be fed with ACME PIG MEAL which contains 28 1/2 per cent of protein, the highest per cent of protein of any complete ration, barring none.

ACME PIG MEAL is fed to BROOD SOWS, SUCKLING PIGS, WEANED PIGS and FATTENING HOGS.

ACME PIG MEAL should be fed from birth to maturity, and when you feed a ration of ACME PIG MEAL, it is equal to feeding a ration of MILK.

ACME PIG MEAL is fed from birth to maturity

ACME PIG MEAL is fed in self feeders, or as a slop. When fed as a slop mix one pint of ACME PIG MEAL with 7 pints of water, which makes a gallon. In the instructions following when we speak of a "Gallon" will mean one pint of ACME PIG MEAL and 7 pints of water.

BROOD SOWS not suckling, on dry feed. Feed one gallon of ACME PIG MEAL to 2 sows twice per day, and a pound of corn at noon. If you do not have corn, increase the ACME PIG MEAL.

BROOD SOWS SUCKLING. Feed 1/2 gallon of ACME PIG MEAL 2 or 3 times per day to each sow in connection with other feed.

SUCKLING PIGS. Build a "creep" and give the suckling pigs all the ACME PIG MEAL they will eat; either fed "dry" in Self Feeders, or as a slop. PIGS so fed will wean themselves with the sows at about 8 weeks of age. AFTER THE PIGS ARE WEANED, feed all the ACME PIG MEAL they will eat. DO NOT FEED anything else with ACME PIG MEAL (except pasture) until they are 3 1/2 to 4 months of age; then add some corn or other fat producing feeds. The first month each pig will eat about 6 pounds of ACME PIG MEAL, and after they are weaned will eat about 15 pounds of ACME PIG MEAL per month each. ACME PIG MEAL is equal to milk, and the only ration upon which PIGS WILL WEAN THEMSELVES, retain the BABY PIG FAT, prevent the RUNTS and SET-BACKS, and make pigs pay.

WEANED PIGS, 3 1/2 to 4 months of age. Feed one gallon of ACME PIG MEAL meaning 1 pint of ACME PIG MEAL and 7 pints of water to 4 pigs twice per day, and add to this ration corn and fat producing feeds.

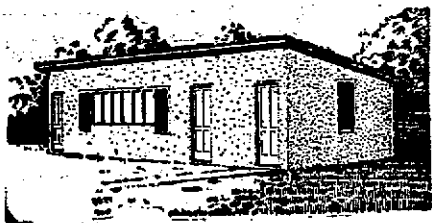

FATTENING HOGS. Feed the ACME PIG MEAL in Self Feeders to hogs on full feed, or feed one gallon of ACME PIG MEAL to 4 hogs twice per day, if fed as a slop. ACME PIG MEAL contains 28 1/2 per cent protein, and will balance the grain ration the same as MILK, and at half the cost of TANKAGE.

NOTICE: When Acme Pig Meal is fed, do not feed Tankage, as it is unnecessary.

BARGAINS ARE ALWAYS ADVERTISED

Now Feels 25 Years Younger

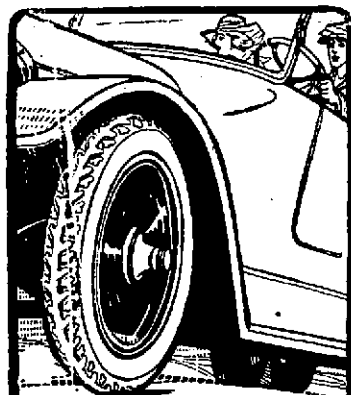

Retired Indiana Farmer Says He Never Expects to be Without Tanlac.

Although I am 70 years old, since taking Tanlac I am in better health than I have been for years and feel at least 25 years younger," said Luther Glick, 321 South Fourth street, Terre Haute, Ind.

"As well as I can remember," continued Mr. Glick, "it was about four or five years before I left the farm, or fourteen years ago when I began to suffer with my stomach and pains in my back and shoulders. I had to be very careful about what I ate, and finally had to confine diet to mush and milk and a little milk-toast. My back and shoulders pained me so I could not do a thing, not even being able to hitch my horse to the buggy, and after I moved to town I got down flat of my back and could not help myself at all. I was badly run-down and had lost so much weight and strength I just felt like I was going to die. Although I had tried many different treatments and medicines, and spent enough money it seemed to me to buy a good-sized drug store, nothing did me any good.

"Well, one day some folks were in to see me and suggested Tanlac. I took their advice and sent and got a bottle. I couldn't see that the first bottle did me much good and started to give it up; but I am sure glad now I didn't, for I firmly believe if I had I wouldn't be here today. About the time I had finished my fourth bottle I was able to get out of bed and began to regain my strength and lost weight. I continued taking it and in a short while I could eat good, sleep well and always get up in the morning feeling fine. My stomach is in fine condition and the pains have all gone out of my back and shoulders. I always keep a bottle of Tanlac in my house and never expect to be without it."

Tanlac is sold in Rushville by E. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty.—(Adv.)

OPENS HOSPITAL FOR U. S. MOTHERS

London Dedicates American Women's Maternity Ward to be known as "Washington Ward"

IS EQUIPPED BY U. S. WOMEN

Lady Barrett Says American Women Had Wonderful Facility For "Getting Things Done"

(By United Press.)

London, April 1.—(By Mail).—Thousands of American women and English women joined forces today in crowning over a baby's cot.

The occasion was the opening and dedication of the American Women's Maternity ward at the Royal Free Hospital, to be known as the "Washington Ward."

This ward has been entirely equipped by the American Women's Club. American women were responsible for the scores of dainty white and pale blue cots, for the layettes, and for the dressing-jackets which happy young mothers wore round their shoulders.

Princess Marie Louise, president of the Ladies' Association, received Mrs. Davis, wife of the American Ambassador, and tendered thanks for the splendid work done. Together they went up and inspected the ward, passing from cot to cot, murmuring baby language to each tiny inmate, here stroking the downy hair of a five-days-old babe, and there fondling the tiny crumpled fist of a little maid of thirty-six hours.

Princesses and ambassadors were forgot. The women assembled in that ward were just mothers, and nothing else counted. With sublime indifference the babes slept on, or else, gazing into space, disregarded the fact that a princess and the highest American lady in England were there at their beck and call.

In a short speech expressing gratitude for the equipment of the ward, Lady Barrett, M. D., said that American women had a wonderful facility for "getting things done." They decided to do a thing today and it was done tomorrow. She recalled the days of the war, when wiseacres and greybeards were arguing as to whether or not there were any war babies. Certainly there were hundreds of babies, and whether the young mothers were married or not, those babies needed care and tending. They were all soldiers' babies, and that fact was sufficient to cause American women to cut all red tape and "get going." It was not very long before they had a fully-staffed and fully-equipped ward ready for the reception of the girl-mothers.

Lady Barrett also pointed out that the American women did not intend their good services to end with the equipment of the ward. An arrangement had been made whereby each young mother, on leaving the hospital, would have some one of the American women to call "friend," and the American woman who had thus befriended her would help her through many difficulties on her return to home-life.

MARKING OFF THE STREAMS

Aquatic Life Will be Propagated by State Survey Now Under Way

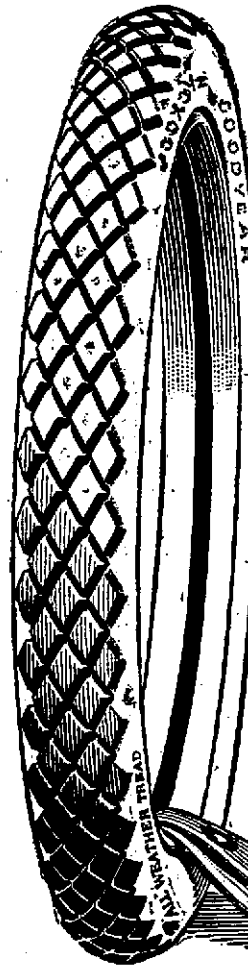

Indianapolis, Ind., April 21—George Berg, Superintendent of Fisheries for The Department of Conservation, is traveling in the lake regions of Indiana, selecting and staking off localities to be used this season by the State as breeding grounds for fish life. Heretofore this work has been in the hands of game wardens and citizens of various localities where propagation was conducted. "A more comprehensive survey will be made and accentuated activity will result under the new plan," says Richard Lieber, Director of Conservation in Indiana.

Under state laws the principal waters for propagating aquatic life are staked off in early spring and designated as breeding localities by signs reading "This is a State Breeding Ground." No fishing is permitted in these restricted zones from March 20 to July 1.

Tires for the Smaller Cars— Built With Goodyear Methods

In using its immense resources and inventive skill to build the highest relative value possible into tires, this company has never made its work more effective than in Goodyear Tires for the smaller cars.

These have the full advantages of Goodyear competence and care, plus the modern facilities of the factory we are devoting to the world's largest production of 30x3-, 30x3½-, and 31x4-inch sizes.

The sum of this extraordinary effort is available to you, as the owner of a Ford, Chevrolet, Dort, Maxwell, or other car using these sizes, at the nearest Goodyear Service Station Dealer's place of business.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He is ready to supply you.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

TO CELEBRATE ITS 100TH BIRTHDAY

Indiana University to Honor Centennial Anniversary During Week of May 30 to June 4

TO BE AN ELABORATE AFFAIR

All University Day Has Been Planned For Monday With a University Circus

Bloomington, Ind., April 21—Celebration of the centennial anniversary of Indiana university at Bloomington during the week of May 30 to June 4 will be one of the most elaborate of the university's activities. Program for the 100th birthday observance indicates various features and exercises for the celebration. On Sunday, May 30, the Rev. Allan B. Philpott, '80, pastor of the Central Christian Church at Indianapolis, will deliver the baccalaureate address.

All university day has been planned for Monday with a university circus, parade of students and similar features. On that day the Senior Class exercises including the swing-out in cap and gown, smoking the peace pipe, planting the class tree and vine and senior play will be given. Tuesday will be Alumni Day and election of officers of the Alumni association and an Alumni trustee will be conducted. In the afternoon Indiana and Notre Dame baseball teams will clash on Jordan field. The university pageant will be given in the late afternoon.

On Wednesday the pageant will be repeated and the remainder of the day will be devoted to class and organization reunions and the Alumni dinner in the evening. Visiting Alumni will parade on Thursday and Indiana and Purdue university base-
